California Politics and Government: A Practical Approach Jul 28 2022 Employing a unique nuts-and-bolts approach, CALIFORNIA POLITICS AND GOVERNMENT gives insight into real-life politics as it vividly illustrates the complex principles at work in state government. Current examples and clear explanations give students a solid understanding of the ins and outs of California government. Thoroughly updated, the thirteenth edition addresses many complex economic, social, education, and immigration issues and their impact on state politics. It includes discussion of new court cases, the state's new spending plan, the 2014 elections, changes in government regulations, and more. In addition, public policy coverage is thoroughly integrated throughout the text, helping students make connections and see firsthand the impact and practical applications of government and legislation in their own lives. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Changing Public Sector: A Practical Management Guide Dec 21 2021 The public sector in the UK has undergone radical change over the last two decades. Consequently, managers and service professionals have had to adopt new ways of working and acquire a wide range of new managerial skills to deal with the changes that have taken place. The continuing process of change in the public sector also means that these managerial skills need to be continually maintained and developed. This book provides comprehensive coverage of public sector management approaches covering: • Strategy • Finance • Human resources • Marketing • Quality • Information systems. Thus it provides managers, professionals and students with a clear understanding of the main elements of each aspect of management as applied in public sector organizations. The book also outlines the ongoing changes which will impact on public sector organizations in the future and discusses the implications of these changes for public sector management methods.

Open Government in a Theoretical and Practical Context Sep 29 2022 Tackles the principle of openness to official documentation and information flow. This book covers the important areas such as The Hutton report into the death of Dr David Kelly, the freedom of speech in democratic societies, and the value of the freedom of information and international comparisons. It is intended for courses on public policy.

Research and Practical Issues of Enterprise Information Systems Jun 14 2021 This book constitutes the proceedings of the 10th International IFIP WG 8.9 Working Conference on Research and Practical Issues of Enterprise Information Systems, CONFENIS 2016, held in Vienna, Austria, in December 2016. The conference provided an international forum for the broader IFIP community to discuss the latest research findings in the area of EIS and specifically aimed at facilitating the exchange of ideas and advances on all aspects and developments of EIS. The 25 papers presented in this volume were carefully reviewed and selected from 63 submissions. They were organized in topical sections on: semantic concepts and open data; customer relationship management; security and privacy issues; advanced manufacturing and management aspects; business intelligence and big data; decision support in EIS; and EIS-practices.

A Practical Guide to Government Management Aug 17 2021 A Practical Guide to Government Management provides a comprehensive yet one-volume work on high-level government management and can be described as a management book, reference book, and textbook all in one. It is geared towards any upper level government manager, public administration student, or anyone interested in public sector management.

Current Trends and Practical Strategies in Land Use Law and Zoning Feb 08 2021 This useful guide is a compilation of significant trends in land use law, featuring landmark court decisions from the U.S. Supreme Court, federal district courts and state high courts.

Practical Social Work Law Mar 12 2021 Practical Social Work Law: analysing court cases and inquiries presents legal issues associated with social work in an accessible format. It approaches the law in a way that is less daunting and more engaging by examining actual court cases and public inquiries, and explores the stories of real people and the legal and ethical dilemmas practitioners will face. The text adopts a problem-centred approach to learning by introducing the reader to key aspects of the law through a series of real-life situations; it addresses basic principles regarding the operation of the law and explores the lessons for good practice. Each chapter addresses a specific area of social work law including family breakdown, safeguarding children, youth justice, adults with disabilities, mental health and mental capacity. Landmark cases, cases drawn from the lower courts, tribunals, and ombudsmen's decisions are included throughout presenting an accessible account of the application of the law. Practical

Social Work Law is an essential text for undergraduate, postgraduate and recently qualified social workers who are wrestling with the complexity of the law and the professional dilemmas it poses for their practice. "This book is unusual for a law book in that it is not only a reference book but also a very readable volume...[It] is set out clearly and provides a sound basis for student social workers new to the law and a refresher for qualified practitioners." Catherine Poulter. RSW. Integrated Community Services. Carmarthenshire County Council

Promoting Health: A Practical Guide - E-Book Oct 26 2019 This title is now out of print. A new version with e-book is available under ISBN 9780702044564. Promoting Health is a seminal text that has been used in the training and education of health promoters over the last 25 years and has shaped health promotion practice in the UK. This 6th edition has undergone significant revision by a new author, Angela Scriven, a leading academic widely published in the health-promotion field, bringing it up to date with current practice. The text provides an accessible practical guide for all those involved in health promotion. Concerned with the what, why, who and how of health promotion, it is invaluable to students of the discipline. Fully updated to meet the needs of today's public health practitioners Case studies and exercises enable application of ideas Provides practice and guidance on report writing, running meetings and working with the media and influencing policy Discusses working with groups and networks, as well as individual clients User-friendly, interactive style New, contemporary format

The Art of Stock-Jobbing explained ... By a Practical Jobber. Fifth edition Aug 05 2020

Practical SGML Jul 16 2021 Since the initial publication of Practical SGML the computer industry has seen a dramatic increase in the use and acceptance of SGML and many of the concepts derived from it. The existence of Practical SGML has helped to foster this growth as it provides a practical and vital introduction to the many facets of SGML and how its fits into an organization, whether it be business or government. Practical SGML, Second Edition is an extensive revision and update that puts greater emphasis and focus on helping the novice work his or her way through the vast amounts of information required to become proficient in SGML. Practical SGML, Second Edition provides the reader with an understanding of: the tools currently on the market that enable the easy creation of SGML data and the use and distribution of that data in a variety of forms; the minimum amount of information needed by people who wish to understand and use ISO 8879; aids and information on how to stay current with the volumes of material written on SGML in publications throughout the world; practical examples of the many SGML constructs and guidelines on their appropriate uses; other helpful hints and insights based on years of working with the standard and integrating it into a complex and challenging computer environment. Exercises throughout the text allow the readers to test their understanding. Answers are given in Appendix A. Practical SGML, Second Edition is an invaluable reference manual for anyone interested in understanding and using SGML.
