Seeing the Good in Unfamiliar Spiritualities Jun 03 2020

'Eastern spirituality, paganism, Spiritualism, Theosophy, alternative science and medicine, popular psychology' and 'a range of beliefs emanating out of a general interest in the paranormal' are the marks of today's 'new spiritual awakening'. Add the presence and practice of sizeable numbers of people pursuing some of the other Great Religions of the World, not the other side of the world but on our own doorstep,

coupled with a scientific revolution quietly broadening our perspectives, and it is not surprising if many feel disoriented and confused. It is, however, not the first time we have had to face the prospect of a spiritual re-alignment on such a seismic scale. Something similar was going on in the time of the prophet Ezekiel, who had the insight and the courage to reshape his people's beliefs in a way that not only served their needs at the time, but bequeathed a challenge to the world ever since. This book is addressed to those who feel themselves to be similarly stranded between two worlds: the familiar, but seemingly untenable one they

grew up with, and the unfamiliar, but possibly more responsible one, where they can rediscover God as both credible and attractive. The Wounded Don't Cry Oct 20 2021 Quentin Reynolds, noted author and columnist for *Colliers* magazine, was among the select group of American correspondents that recorded and recounted the Second World War in Europe from the very beginning. In this witty, perceptive and personal account the author tells of the fall of France and the Battle of Britain. "Collier's our reporter tells the inside story of everyday life in England, particularly in London, and makes you feel, for sure

“there’ll always be an England’’. No mawkish sentimentality here, but cold hard facts about people, conditions and life and death. Reynolds was there in time to see France Collapse and he bears witness to the courage of the French soldiers, bewildered and betrayed by their leaders. He escaped south to Bordeaux, he got to England, to Ireland. He sees the Englishman in his home, his pub, his factory, his hospital, his airfield, his shelter. You meet R.A.F. men, labor leaders, members of the cabinet. Without belittling the punishment England is taking, he gives you confidence in their survival. Interesting and enlightening reading.”-Kirkus Reviews.

Do They Hear You When You Cry Aug 25 2019 For Fauziya Kassindja, an idyllic childhood in Togo, West Africa, sheltered from the tribal practices of polygamy and genital mutilation, ended with her beloved father's sudden death. Forced into an arranged marriage at age seventeen, Fauziya was told to prepare for kakia, the ritual also known as female genital mutilation. It is a ritual no woman can refuse. But Fauziya dared to try. This is her story--told in her own words--of fleeing Africa just hours before the ritual kakia was to take place, of seeking asylum in America only to be locked up in U.S. prisons, and of meeting Layli Miller Bashir, a law student who became Fauziya's friend and advocate during her horrifying sixteen months behind bars. Layli enlisted help from Karen Musalo, an expert in refugee

law and acting director of the American University International Human Rights Clinic. In addition to devoting her own considerable efforts to the case, Musalo assembled a team to fight with her on Fauziya's behalf. Ultimately, in a landmark decision in immigration history, Fauziya Kassindja was granted asylum on June 13, 1996. *Do They Hear You When You Cry* is her unforgettable chronicle of triumph.

The Book of Unknown Americans Jul 05 2020

"Illuminate[s] the lives behind the current debates about Latino immigration." —*The New York Times Book Review* When fifteen-year-old Maribel Rivera sustains a terrible injury, the Riveras leave behind a comfortable life in Mexico and risk everything to come to the United States so that Maribel can have the care she needs. Once they arrive, it’s not long before Maribel attracts the attention of Mayor Toro, the son of one of their new neighbors, who sees a kindred spirit in this beautiful, damaged outsider. Their love story sets in motion events that will have profound repercussions for everyone involved. Here *Henríquez* seamlessly interweaves the story of these star-crossed lovers, and of the Rivera and Toro families, with the testimonials of men and women who have come to the United States from all over Latin America. *The Book of Unknown Americans* is a stunning novel of hopes and dreams, guilt and love—a book that offers a resonant new definition of what it means to be American. Owls Do Cry Dec 30 2019
First published in New Zealand in 1957, *Owls Do Cry*, was Janet Frame's second book and the first of her thirteen novels. Now approaching its 60th anniversary, it is securely a landmark in Frame's catalog and indeed a landmark of modernist literature. The novel spans twenty years in the Withers family, tracing Daphne's coming of age into a post-war New Zealand too narrow to know what to make of her. She is deemed mad, institutionalized, and made to undergo a risky lobotomy. Margaret Drabble calls *Owls Do Cry* "a song of survival"—it is Daphne's song of survival but also the author's: Frame was herself misdiagnosed with schizophrenia and scheduled for brain surgery. She was famously saved only when she won New Zealand's premier fiction prize. Frame was among the first major writers of the twentieth century to confront life in mental institutions and *Owls Do Cry* is important for this perspective. But it is equally valuable for its poetry, its incisive satire, and its acute social observations. A sensitively rendered portrait of childhood and adolescence and a testament to the power of imagination, this early novel is a first-rate example of Frame's powerful, lyric, and original prose.

[Cry from an Unknown Grave](#) Nov 01 2022 A late-night cry for help from a teenage girl puts Tony Harrington and his

colleagues at a small-town newspaper onto the trail of a ring of human traffickers. The girl's description of the horrors she and others have endured, fuel the determination of Tony and fellow journalist Madeline Mueller to find and stop the wicked people who are enslaving and abusing children. Then, when one of the young victims is found buried in a shallow grave close to home, the chase escalates to fever pitch, with county, state and federal investigators joining in the hunt. What Tony and Madeline don't realize is that, as they grow closer to finding the victims and their captors, they have attracted the attention of the perpetrators. The people willing to subject children to unspeakable tortures, now have added the two young reporters to their list of intended victims. Despite the danger and the limited resources of the Orney, Iowa, *Town Crier*, Tony, Madeline and Editor Ben Smalley are undeterred, determined to find and save a group of missing children, before another young life is lost forever. The chase takes them throughout the Midwest, from Iowa to Chicago, to Kansas City, and on to a terrifying and potentially mortal end. This second Tony Harrington mystery-thriller by Joseph LeValley draws on today's heart-wrenching headlines regarding the pervasiveness and egregiousness of human trafficking. LeValley again creates a story with compelling characters and all the elements of a "must-read" thriller:

drama, action, romance, tragedy, villains and heroes. Join Tony and his friends and colleagues on this epic adventure, as they risk everything to save a group of children they've never seen. When an unknown organization meticulously bombs major cities in the United States and across the globe, a trickle-down effect spreads to remaining towns at an alarming speed—everything from food and water sources to technology and communications are compromised. If I Could Take It, I Will Make It May 03 2020 I know that to see the truth in myself

and the things to work on myself are the most important. The sooner we see the things, the better person we can become. This is to show how we can all come through the tough times. We battle with a smile. Even though we might not see it right away, we all have this inside of ourselves. I try to show with my personality and smiles to others, even on the tough days, to try and help people through their tough times, to have the self-awareness to constantly try and be the best version of myself possible. It's about who we become and what we can give back.

When Men Don't Cry and Other Plays for Teens Aug 30 2022

Even the worst of us have a story to tell and a rationalization to share. The problem is that the "best of us" have already judged them unworthy. Many plays for student actors shy away from serious subjects. Even so, today's world is a serious place, and young people are facing some of the biggest challenges of their lives--gangs, drugs, bullying, broken homes, violence in the street. Seeking to address these topics, playwright Samuel Williams presents *When Men Don't Cry and Other Plays for Teens*, the last in his four-book series of plays. Powerful and relevant, these short dramatic works offer insight, understanding, and social commentary for today's youths, their teachers, and their families. Educational as well as entertaining, these plays shine a light on a troubled and often misunderstood generation. Acted out on stage or read aloud in a group setting, Williams' easy-to-read tales look past teens' tattoos, piercings, gang colors, and sagging pants to find their humanity. Ideal for schools and church groups, parents, and teens, *When Men Don't Cry and Other Plays for Teens* explores a litany of experiences and seeks to positively change the fundamental way that people see today's youth and family dynamics.

Chronicle of That Which Will Order Chaos Jan 11 2021

This is a tale that spans the beginning of time till the end of

days-and beyond... Imagine for a second if Milton and Dante collaborated, and everything from "Paradise Lost" to the final battle between God and Lucifer was encompassed within that text, along with all that is implied between the heights of redemption and the circles of Hell. It is a pictograph of human nature; where we came from, how we got here, and most importantly-why we are here. I am known as keeper of the stories of time, and have much to share with thee... Due to the fact that I am not a prevalent character in this tale-I have chosen to remain unknown. I am only the narrator of this story-and although I may show up from time to time within said compilation of this tale, I prefer to remain a mysterious stranger to this universe. It all begins in a time of the Christ; when a secret pact was made between Judas and Jesus forming a tidal wave of emotion and thunder during a climatic 'behind the scenes' knowledge of Lucifer's deception from God... How a new god was forged by the two who set the stage for an answer to end the war between Light and Darkness... His name is Möbius Kain, (the god of truth) and when this tale concludes an empire of balance must be forged to order the chaos that coexists within our world.

"Turn" Apr 01 2020 Offering new and original readings of literature, poetry, and education as interpreted through the conceptual lens of Heidegger's later philosophy of the "Turn", this book helps readers understand Heidegger's later thought and presents new takes on how to engage the themes that emerged from his later writing. Suggesting novel ways to consider Heidegger's ideas on literature, poetry, and education, Magrini and Schwieler provide a deep understanding of the "Turn," a topic not often explored in contemporary Heideggerian scholarship. Their inter- and extra-disciplinary postmodern approaches offer a nuanced examination, taking into account Heidegger's controversial place in history, and filling a gap in educational research.

Moondust Jul 29 2022 "It rained for three weeks straight, a hard, steady rain. The first sighting of me came after that, as the fog gathered its skirts and tiptoed out of the woods, and things began to dry, to look upward at the sun, and grow. A young boy found my body, it was Leroy Wilson's son, and that evening his mother saw my spirit walking through their apple orchard when she was putting the cows in. Back then, that first night, my spirit was so dense she thought I was a real physical person, she thought it was me, alive, and she called out to me but I kept going. An hour later her son came clashing into the kitchen with the news of my bones." Decades later, called back by her bright and restless granddaughters, Moondust reawakens to finish her story and find her peace. A simple and compelling story of faith,

hope and freedom for women of all ages... and for women FROM all ages!

The Cry of Tamar Feb 09 2021 In this comprehensive, practical, and gripping assessment of various forms of violence against women, Pamela Cooper-White challenges the Christian churches to examine their own responses to the cry of Tamar in our time. She describes specific forms of such violence and outlines appropriate pastoral responses. The second edition of this groundbreaking work is thoroughly updated and examines not only where the church has made progress since 1995 but also where women remain at unchanged or even greater risk of violence.

Big Boys Don't Cry Jul 17 2021 "I did not have the best of starts... No one would have said I was dealt a winning hand." Big Boys Don't Cry records how Willie McCarney played the hand he was dealt. Experiencing the deep trauma of his mother's death at an early age, he recounts how he also experienced freedom, success and responsibility as a child, learning how to deal with it all to become the master of his own destiny. As a child, Willie found himself embracing education as a way to break

free from the poverty of his childhood and to build a better future for himself. Graduating as a teacher in 1961, Willie assumed he had reached the pinnacle of his career. He never dreamt that one day he would be training teachers. He could never have imagined that he would later spend 33 years as a magistrate. And he certainly never contemplated travelling to Melbourne, Australia to be elected President of the International Association of Youth and Family Judges and Magistrates, but Willie achieved all this and more! *Big Boys Don't Cry* charts how Willie reached each milestone in his life - documenting how the opportunities arose, as well as detailing the many different things he has been involved in, including travelling the world on behalf of the UN. This book will appeal to readers who enjoy autobiographies, as well as those who have an interest in the success stories of ordinary people.

A Cry For Tomorrow 76859

... Jan 23 2022 Berry Nahmia was born of Jewish parentage in the lovely Byzantine town Kastoria in the Macedonian province of Greece. In 1944, at eighteen years of age, she was torn from her home by the Nazis and deported along with her parents, brothers, sisters, grandparents, and relatives to the Auschwitz-Birkenau concentration camp. Upon arrival at the camp she was selected for work as she watched the rest of her family taken to the crematoria and burned. Her experiences in the camp and her miraculous survival there and on the Death March is the story of an incredible determination to survive the horror suffered by more than 6,000,000 Jews of the Holocaust. This story of survival is chronicled in her book, *A Cry for Tomorrow*, written in Greek and published in Athens in 1989. Sensitivity translated by David R. Weinberg, Greek scholar and student of the Holocaust, this Greek chronicle has now been made available to the English speaking world.
