Transformations Jul 29 2022 Pulitzer Prize-winning poet Anne Sexton morphs classic fairy tales into dark critiques of the cultural myths underpinning modern society Anne Sexton breathes new life into sixteen age-old Brothers Grimm fairy tales, reimagining them as poems infused with contemporary references, feminist ideals, and morbid humor. Grounded by nods to the ordinary—a witch's blood "began to boil up/like Coca-Cola" and Snow White's bodice is "as tight as an Ace bandage"—Sexton brings the stories out of the realm of the fantastical and into the everyday world. Stripping away their magical sheen, she exposes the flawed notions of family, gender, and morality within the stories that continue to pervade our collective psyche. Sexton is especially critical of what follows these tales' happily-ever-after endings, noting that Cinderella never has to face the mundane struggles of marriage and growing old, such as "diapers and dust," "telling the same story twice," or "getting a middle-aged spread," and that after being awakened Sleeping Beauty would likely be plagued by insomnia, taking "knock-out drops" behind the prince's back. Deconstructed into vivid, visceral, and often highly amusing poems, these fairy tales reflect themes that have long fascinated Sexton—the claustrophobic anxiety of domestic life, the limited role of women in society, and a psychological strife more dangerous than any wicked witch or poisoned apple.

*The Displaced of Capital* Aug 25 2019 Winner of the 2005 Lenore Marshall Poetry Prize. The long-awaited follow-up to *The Key to the City*—a finalist for the National Book Critics Circle Award in 1986—Anne Winters's *The Displaced of Capital* emanates a quiet and authoritative passion for social justice, embodying the voice of a subtle, sophisticated conscience. The "displaced" in the book's title refers to the poor, the homeless, and the disenfranchised who populate New York, the city that serves at once as gritty backdrop, city of dreams, and urban nightmare. Winters also addresses the culturally, ethnically, and emotionally excluded and, in these politically sensitive poems, writes without sentimentality of a cityscape of tenements and immigrants, offering her poetry as a testament to the lives of have-nots. In the central poem, Winters witnesses the relationship between two women of disparate social classes whose friendship represents the poet's political convictions. With poems both powerful and musical, *The Displaced of Capital* marks Anne Winters's triumphant return and assures her standing as an essential New York poet.

*The Complete Poems* Nov 01 2022 *The collected works of Anne Sexton showcase the astonishing career of one of the twentieth century's most influential poets For Anne Sexton, writing served as both a means of expressing the inner turmoil she experienced for most of her life and as a therapeutic force through which she exorcised her demons. Some of the richest poetic descriptions of depression, anxiety, and desperate hope can be found within Sexton's work. The Complete Poems, which includes the eight collections published during her life, two posthumously published books, and other poems collected after her death, brings together her remarkable body of work with all of its range of emotion. With her first collection, the haunting *To Bedlam and Part Way Back*, Sexton stunned critics with her frank treatment of subjects like masturbation, incest, and abortion, blazing a trail for representations of the body, particularly the female body, in poetry. She documented four years of mental illness in her moving Pulitzer Prize-winning collection *Live or Die*, and reimagined classic fairy tales as macabre and sardonic poems in *Transformations*. *The Awful Rowing Toward God*, the last book finished in her lifetime, is an earnest and affecting meditation on the existence of God. As a whole, *The Complete Poems* reveals a brilliant yet tormented poet who bared her deepest urges, fears, and desires in order to create extraordinarily striking and enduring art.*

Poems 1955-2005 Dec 30 2019 Anne Stevenson is a major American and British poet. Born in Cambridge of American parents, she grew up in the States but has lived in Britain for most of her adult life. Rooted in close observation of the world and acute psychological insight, her poems continually question how we see and think about the world. They are incisive as well as entertaining, marrying critical rigour with personal feeling, and a sharp wit with an original brand of serious humour. Poems 1955-2005 is a remaking of Anne Stevenson's earlier *Collected Poems*, drawing on over a dozen previous collections as well as new poems, with this book's new thematic arrangements emphasising the craft, coherence and architecture of her life's work. Major poets of our period, it has never been by virtue of this or that much anthologised poem, but by the work or mind as a whole. It is not so much a matter of the odd lightning-struck tree as of an entire landscape, and that landscape is always humane, intelligent and sane, composed of both natural and rational elements, and amply furnished with patches of wit and fury, which only serve to bring out the humanity! - george szirtes, *London Magazine* with a complex reality where an intently sensory world inhabited by wilful resistant people is overlaid by ghosts, ideas, and spectral emissions; the historical, philosophical, and scientific - all dimensions of what obviously isn't there and yet can't be denied' - emily grosholz, *Michigan Quarterly* impressive, but her talent is for fusing the disciplines into an honest and humane account of our world, and expressing this through rhythm and form... She is wise without portentousness, her technique faultless and her imagination fiery, political and fresh' - carol rufus, *Independent*

*Collected Poems Of Muriel Rukeyser* Mar 01 2020 Muriel Rukeyser held a visionary belief in the human capacity to create social change through language. She earned an international reputation as a powerful voice against enduring silences of all kind, against the violence of war, poverty, and racism. Her eloquent poetry of witness-of the Scottsboro Nine, the Spanish Civil War, the poisoning of the Gauley Bridge laborers-split the darkness covering a shameful world. In addition to the complete texts of her twelve previously published books, this volume also features new poems discovered by the editors; Rukeyser's translations, including the first English translations of Octavio Paz's work; early work by Rukeyser not previously published in book form; and the controversial book-length poem *Wake Island*. An introduction by the editors traces Rukeyser's life and literary reputation and complements discerning annotations and textual notes to the poems.

*Mercies* Oct 20 2021 When Anne Sexton took her own life in October 1974, she left behind a body of work which had already, in less than two decades of writing, won her the Pulitzer Prize for Poetry, established her as one of the foremost voices of her generation, and shocked America by breaking multiple taboos of subject matter, from insanity, depression and addiction to menstruation, adultery and the figure of the witch. Sexton's name is legendary. Her poetry is read around the world, translated into over thirty languages, and in her own country remains a touchstone for poets and readers looking for rawness of perception, vitality of expression, confessional frankness and fiery passion. Yet, incredibly, there has been no new UK edition of her work for decades. In *Mercies*, readers are provided with a resonant new selection from the writings of this natural phenomenon of a poet.

*Anne Sexton* May 27 2022 Anne Sexton began writing poetry at the age of twenty-nine to keep from killing herself. She held on to language for dear life and somehow -- in spite of alcoholism and the mental illness that ultimately led her to suicide -- managed to create a body of work that won a Pulitzer Prize and that still sings to thousands of readers. This exemplary biography, which was nominated for the National Book Award, provoked controversy for its revelations of infidelity and incest and its use of tapes from Sexton's psychiatric sessions. It reconciles the many Anne Sextons: the 1950s housewife; the abused child who became an abusive mother; the seductress; the suicide who carried "kill-me pills" in her handbag the way other women carry lipstick; and the poet who transmuted confession into lasting art.

*Nox* Jul 05 2020 Presents a facsimile of a book the author created after the death of her brother, and includes poetry, family photographs, letters, and sketches that deal with coming to terms with the loss.

*The Penguin Book of the Prose Poem* Apr 01 2020 The last decades have seen an explosion of the prose poem. More and more writers are turning to this peculiarly rich and flexible form; it defines Claudia Rankine's *Citizen*, one of the most talked-about books of recent years, and many others, such as Sarah Howe's *Loop of Jade* and Vahni Capildeo's *Measures of Expatriation*, make extensive use of it. Yet this fertile mode which in its time has drawn the likes of Charles Baudelaire, Oscar Wilde, T. S. Eliot, Gertrude Stein and Seamus Heaney remains, for many contemporary readers, something of a mystery. The history of the prose poem is a long and fascinating one. Here, Jeremy Noel-Tod reconstructs it for us by selecting the essential pieces of writing - by turns luminous, brooding, lamentatory and comic - which have defined and developed the form at each stage, from its beginnings in 19th-century France, through the 20th-century traditions of Britain and America and beyond the English language, to the great wealth of material written internationally since 2000. Comprehensively told, it yields one of the most original and genre-changing anthologies to be published for some years, and offers readers the chance to discover a diverse range of new poets and new kinds of poem, while also meeting famous names in an unfamiliar guise.

*The Complete Poems of Anne Brontë* Jan 23 2022

*Correspondences* Feb 09 2021 A rare and beautifully produced "accordion" book by renowned novelist and poet Anne Michaels and acclaimed artist and writer Bernice Eisenstein that will cause a stir for both its form and its content. Anne Michaels's resonant book-length poem—which unfolds on one side of the pages of this accordion book—ranges from the universal to the intimate, as she writes of historical figures for whom language was the closest thing to salvation; on the other side, we have Bernice Eisenstein's luminous portraits of and quotes from such twentieth-century writers and thinkers as Paul Celan, Nelly Sachs, W. G. Sebald, Anna Akhmatova, Primo Levi, and Albert Einstein. The poetry and portraits join together in a dialogue that can be read in any direction and any order, in a format that perfectly reflects the thematic interconnectedness of this collaboration: "an alphabet of spirits and spirit; an elegy of remembrance" (Eisenstein); "just as a conversation becomes the third side of the page... the moment one life becomes another" (Michaels).

*Collected Poems* May 03 2020 A collection of the young writer's major poems and translations, reflecting his closeness to life and nature

*Selected Poems of Anne Sexton* Sep 30 2022 A selection of poems by contemporary American author Anne Sexton, drawn primarily from eight previously published collections.

*Anne Sexton* Mar 13 2021 A revealing collection of letters from Pulitzer Prize-winning poet Anne Sexton While confessional poet Anne Sexton included details of her life and battle with mental illness in her published work, her letters to family, friends, and fellow poets provide an even more intimate glimpse into her private world. Selected from thousands of letters and edited by Linda Gray Sexton, the poet's daughter, and Lois Ames, one of her closest friends, this collection exposes Sexton's inner life from her boarding school days through her years of growing fame and ultimately to the months leading up to her suicide. Correspondence with writers like W. D. Snodgrass, Robert Lowell, and May Swenson reveals Sexton's growing confidence in her identity as a poet as she discusses her craft, publications, and teaching appointments. Her private letters chart her marriage to Alfred "Kayo" Sexton, from the giddy excitement following their elopement to their eventual divorce; her grief over the death of her parents; her great love for her daughters balanced with her frustration with the endless tasks of being a housewife; and her persistent struggle with depression. Going beyond the angst and neuroses of her poetry, these letters portray the full complexities of the woman behind the art: passionate, anguished, ambitious, and yearning for connection.

*Anne Sexton* Jul 25 2019 A selection from the thousands of letters written by the late poet reveals the inner and outer affects of her life, the reality of her battles with mental illness, and her career as a successful poet *Mercy Street* Feb 21 2022 MERCY STREET is Pulitzer Prize-winning poet Anne Sexton's only play and incorporates many of the themes that infuse her poetry, the deeply personal, the nature of madness, and the subjectivity of truth. "Anne Sexton, a fine poet with an astounding knack for incorporating the ugly and immediate vocabulary of the pressing workaday world into lyrics that nevertheless remain lyrics, is the author of MERCY STREET... The play is constructed quite literally to resemble the Offertory in Anglican or Roman Catholic mass... Miss Sexton's initial use of ritual is striking... The exploration, in rotating flashbacks, produces some riveting line-images..." -Walter Kerr, *The New York Times*... This is Miss Sexton's first play. She is a Pulitzer Prize-winning poet, and the tone of her poems has always been laceratingly personal. In some she seemed like a latter-day, neurotic Emily Dickinson. The poems have a voice of their own, and a way with imagery. MERCY STREET is the story of a woman searching her way home from the valley of madness... Miss Sexton has written a play to be considered rather than dismissed..." -Clive Barnes, *The New York Times*

*Floa* Jun 03 2020 From the renowned classicist and MacArthur Prize winner: a brilliant new collection that explores myth and memory, beauty and loss, all the while playing with--and pushing--the limits of language and form. Anne Carson continuously dazzles us with her inventiveness and the way her work changes our perspectives. With *Floa*, she surpasses her own bar. In individual chapbooks that can be read in any order, she conjures a mix of voices, time periods, and structures to explore what makes people, memories, and stories "maddeningly attractive" (when observed in liminal space. One can begin with Carson puzzling through Proust on a frozen Icelandic plain; in the art-saturated enclaves of downtown New York City; atop Mount Olympus as Zeus ponders his afterlife. There is a three-woman chorus of Gertrude Steins embodying an essay about "falling." And an investigation of monogamy and marriage as Carson anticipates the perfect egg her husband is cooking for breakfast. Exquisite, heartbreaking, disarmingly funny, *Floa* illuminates the uncanny magic that comes with letting go of boundaries. It is Carson's most intellectually electrifying and emotionally engaging book to date. From the Hardcover edition.

*Brontes: Selected Poems* Nov 28 2019 The Brontë sisters lives and works have become modern-day cultural touchstones. Emily Brontë, best known for her novel *WUTHERING HEIGHTS*, began writing poetry first and, before her untimely death, wrote some of the most touching and emotive poems which often reflected the landscape of her Yorkshire home. Charlotte Brontë, whose novel *JANE EYRE* has had numerous TV and film adaptations, took responsibility for finding a home for their work. In her own words, "We had very early cherished the dream of one day becoming authors". Anne Brontë, author of *AGNES GREY*, often used autobiographical elements in her poems, giving us a hints of the struggles and turmoil of her life. These poems offer glimpses of the joys and sorrows of the Brontës and are a beautifully compelling introduction to their writing and lives.

*Scattered Poems Sep 06 2020* Just as he upended the conventions of the novel with *On the Road*, Jack Kerouac revolutionized American poetry in this ingenious collection *Bringing together selections from literary journals and his private notebooks*, Jack Kerouac's *Scattered Poems* exemplifies the Beat Generation icon's innovative approach to language. Kerouac's poems, populated by hitchhikers, Chinese grocers, Buddhist saints, and cultural figures from Rimbaud to Harpo Marx, evoke the primal and the sublime, the everyday and the metaphysical. *Scattered Poems*, which includes the playfully instructive "How to Meditate," the sensory "San Francisco Blues," and an ode to Kerouac's fellow Beat Allen Ginsberg, is rich in striking images and strident urgency. Kerouac's widespread influences feel new and fresh in these poems, which echo the rhythm of improvisational jazz music, and the centuries-old structure of Japanese haiku. In rebelling against the dry rules and literary pretentiousness he perceived in early twentieth-century poetry, Kerouac pioneered a poetic style informed by oral tradition, driven by concrete language with neither embellishment nor abstraction, and expressed through spontaneous, uncensored writing.

*The Poems of Anne Brontë Oct 08 2020* This new, definitive edition of the poems makes the work fully accessible to all. It is essential to understanding Anne Brontë's life, literary works, and relationships with her sisters.

*Three-Martini Afternoons at the Ritz Jul 17 2021* "A dual biography of poets, friends, and rivals Sylvia Plath and Anne Sexton"--

*The Complete Poems of Anne Brontë Aug 30 2022* From the INTRODUCTION by Charlotte Brontë. In looking over my sister Anne's papers, I find mournful evidence that religious feeling had been to her but too much like what it was to Cowper; I mean, of course, in a far milder form. Without rendering her a prey to those horrors that defy concealment, it subdued her mood and bearing to a perpetual pensiveness; the pillar of a cloud glided constantly before her eyes; she ever waited at the foot of a secret Sinai, listening in her heart to the voice of a trumpet sounding long and waxing louder. Some, perhaps, would rejoice over these tokens of sincere though sorrowing piety in a deceased relative: I own, to me they seem sad, as if her whole innocent life had been passed under the martyrdom of an unconfessed physical pain; their effect, indeed, would be too distressing, were it not combated by the certain knowledge that in her last moments this tyranny of a too tender conscience was overcome; this pomp of terrors broke up, and, passing away, left her dying hour unclouded. Her belief in God did not then bring to her dread, as of a stern Judge -- but hope, as in a Creator and Saviour: and no faltering hope was it, but a sure and steadfast conviction, on which, in the rude passage from Time to Eternity, she threw the weight of her human weakness, and by which she was enabled to bear what was to be borne, patiently -- serenely -- victoriously....

*All My Pretty Ones Apr 25 2022* A gifted poet reveals the poignancy and plaintive charm of common experiences.

*The Complete Poems Jun 23 2019* As a diplomat in Renaissance Europe, and a luminary at the court of Henry VII, Sir Thomas Wyatt wrote in an incestuous world where everyone was uneasily subject to the royal whims and rages. Wyatt had himself survived two imprisonments in the Tower as well as a love affair with Anne Boleyn, and his poetry - that of an extraordinarily sophisticated, passionate and vulnerable man - reflects these experiences, making disguised reference to current political events. Above all, though, Wyatt is known for his love poetry, which often dramatizes incidents and remembered conversations with his beloved, with an ear acutely sensitive to patterns of rhythm and colloquial speech. Conveying the actuality of betrayal or absence, and the intense pressure of his longing for a love that could be trusted, these are some of the most haunting poems in the English language. *Blackbird Has Spoken Sep 26 2019* Eleanor Farjeon was born in 1881, and wrote many stories and poems, including *Morning has Broken*, which became a popular hymn. By the time she died in 1965, she had published over 80 books and won many prizes. This is a selection of her poetry for children.

*Words for Dr. Y. Nov 08 2020* A collection of Sexton's poems containing most of her important work that had not been published at the time of her death.

*Collected Poems of Oscar Wilde Jan 11 2021* Oscar Wilde, glamorous and notorious, more famous as a playwright or prisoner than as a poet, invites readers of his verse to meet an unknown and intimate figure.

*The Life and Poems of Anne Hunter Dec 10 2020* Anne Home Hunter (1741-1821) was one of the most successful song writers of the second half of the eighteenth century, most famously as the poet who wrote the lyrics of many of Haydn's songs. However her work, which included many more serious, lyrical and romantic poems has been largely forgotten. This book contains over 200 poems, some published in her life-time under her married name 'Mrs John Hunter', some attributed only to 'a Lady', and most importantly many transcribed from her manuscripts, housed in various archives and in a private collection, which are now collected for the first time. Hitherto Anne Hunter has been known almost entirely through her 'Poems' published in 1802, in her Introduction Isobel Armstrong argues that she saw this book as a definitive representation of her poetry. Besides her consummately skilful lyrics and songs it contains serious political odes and reflective poems. The unpublished material amplifies and extends the work of 1802. The introduction is followed by a long biographical essay by Caroline Grigson. The daughter of Robert Home, an impoverished Scottish Army surgeon, Anne Hunter spent her adult life in London where she married the famous anatomist John Hunter, with whom she lived in great style, latterly as a bluestocking hostess, until his death in 1793. The book includes many new details of her long life, her friendship with Angelica Kaufman (who painted her portrait - see cover) and the bluestocking, Elizabeth Carter. The account of Anne's life as a widow describes her relationships with her family, her niece the playwright Joanna Baillie, and her friends, especially those of the famous Minto family, as well as the Scottish impresario George Thomson. Of especial interest is the discovery of a previously unrecorded visit that Haydn made to her during his second London visit when she was living in Blackheath. Expertly researched which Grigson's book sets Anne Hunter's oeuvre in the political and social context of the time and will be required reading to scholars of literature and music alike.
