**Preparing Students for College and Careers**  
May 27 2022 Preparing Students for College and Careers addresses measurement and research issues related to college and career readiness. Educational reform efforts across the United States have increasingly taken aim at measuring and improving postsecondary readiness. These

initiatives include developing new content standards, redesigning assessments and performance levels, legislating new developmental education policy for colleges and universities, and highlighting gaps between graduates' skills and employers' needs. In this comprehensive book, scholarship from leading experts on each of these topics is collected for assessment professionals and for education researchers interested in this new area of focus. Cross-disciplinary chapters cover the current state of research, best practices, leading interventions, and a variety of measurement concepts, including construct definitions, assessments, performance levels, score interpretations, and test uses.

### **Bilingual and ESL Classrooms: Teaching in Multicultural Contexts** Jan 29 2020

Demographic predictions are that students with close connections to their bilingual/bicultural heritages (now labeled "language minority students" by the federal government) will be

very large in number in the near future, becoming the majority in many states over the next three decades. The authors feel it is the responsibility of all educators, not just specialists, to prepare themselves to work with language minority students. This time-tested classic text (not an edited volume) integrates theory and practice and provides comprehensive coverage of bilingual and ESL issues. The text integrates the fields of ESL, bilingual, and multicultural education and provides rich examples of effective practices and their underlying research knowledge base and provides an extremely clear and balanced overview of research on teaching in multilingual and multicultural contexts

[Teaching and Learning in English Language and Composition](#) Apr 01 2020 *Teaching and Learning in English Language and Composition: Advanced Placement and Beyond* is a collection of chapters written by three veteran teachers, each of whom

has taught for over 40 years at both the high school and the college level and all of whom have held leadership positions in the Advanced Placement English Language and Composition Program. The chapters dig deep into the intricacies of teaching close, critical reading; unpack insights into using traditional rhetorical forms and canons; and explore a miscellany of issues related to teaching research, fostering student inquiry, and developing effective practices of assessment. While the authors acknowledge and build on their backgrounds with Advanced Placement, the book is not solely focused on issues related to AP. Instead, the book speaks to all secondary and post-secondary English teachers who seek to enfranchise their students as well-informed, savvy consumers and producers of texts, both verbal and visual. *War, Peace, and Security* May 03 2020 In the name of international and domestic security, billions of dollars are wasted on unproductive military spending in both developed and

developing countries, when millions are starving and living without basic human needs. This book contains articles relating to military spending, military industrial establishments, and peace keeping.

*Go Home, Ricky!* Mar 01 2020 From a rising literary star comes a fresh, satirical novel about

masculinity and tenderness, fatherhood and motherhood, set in the world of semi-professional wrestling—now in paperback After seven years on the semi-pro wrestling circuit, Ricky Twohatchet, a.k.a. Richard Powell, needs one last match before he gets called up to the big leagues. Unlike some wrestlers who only play the stereotype, Ricky believes he comes by his persona honestly—he's half white and half Native American—even if he's never met his father. But the night of the match in Omaha, Nebraska, something askew in their intricate choreography sets him on a course for disaster. He finishes with a neck injury that leaves him in a restrictive brace and a video already going viral: him spewing profanities at his ex-partner, Johnny America. Injury aside, he's out of the league. Without a routine or identity, Ricky spirals downward, finally setting off to learn about his father, and what he finds will explode everything he knows about who he is—as a man, a friend, a son, a partner, and a wrestler. Go

Home, Ricky! is a sometimes-witty, sometimes-heart-wrenching, but always gripping look into the complexities of identity.

**Validity Argument in Language Testing** Jun 27 2022 Language tests play pivotal roles in education, research on learning, and gate-keeping decisions. The central concern for language testing professionals is how to investigate whether or not tests are appropriate for their intended purposes. This book introduces an argument-based validity framework to help with the design of research that investigates the validity of language test interpretation and use. The book presents the principal concepts and technical terms, then shows how they can be implemented successfully in practice through a variety of

validation studies. It also demonstrates how argument-based validity intersects with technology in language testing research and highlights the use of validity argument for identifying research questions and interpreting the results of validation research. Use of the framework helps researchers in language testing to communicate clearly and consistently about technical issues with each other and with researchers of other types of tests.
