The Memory Keeper's Daughter May 15 2021 A #1 New York Times bestseller by Kim Edwards, *The Memory Keeper's Daughter* is a brilliantly crafted novel of parallel lives, familial secrets, and the redemptive power of love Kim Edwards's stunning novel begins on a winter night in 1964 in Lexington, Kentucky, when a blizzard forces Dr. David Henry to deliver his own twins. His son, born first, is perfectly healthy, but the doctor immediately recognizes that his daughter has Down syndrome. Rationalizing it as a need to protect Norah, his wife, he makes a split second decision that will alter all of their lives forever. He asks his nurse, Caroline, to take the baby away to an institution and never to reveal the secret. Instead, she disappears into another city to raise the child herself. So begins this beautifully told story that unfolds over a quarter of a century—in which these two families, ignorant of each other, are yet bound by the fateful decision made that winter night long ago. A family drama, *The Memory Keeper's Daughter* explores every mother's silent fear: What would happen if you lost your child and she grew up without you? It is also an astonishing tale of love and how the mysterious ties that hold a family together help us survive the heartache that occurs when long-buried secrets are finally uncovered.

Half Magic Oct 27 2019 Faced with a dull summer in the city, Jane, Mark, Katharine, and Martha suddenly find themselves involved in a series of extraordinary adventures after Jane discovers an ordinary-looking coin that seems to grant wishes.

Representations of the Intellectual Sep 06 2020 In these six essays--delivered on the BBC as the prestigious Reith Lectures--Edward Said addresses the ways in which the intellectual can best serve society in the light of a heavily compromised media and of special interest groups who are protected at the cost of larger community concerns. Said suggests a recasting of the intellectual's vision to resist the lures of power, money, and specialization. In these pieces, Said eloquently illustrates his arguments by drawing on such writers as Antonio Gramsci, Jean-Paul Sartre, Regis Debray, Julien

Benda, and Theodore Adorno, and by discussing current events and celebrated figures in the world of science and politics: Robert Oppenheimer, Henry Kissinger, Dan Quayle, Vietnam and the Gulf War. Said sees the modern intellectual as an editor, journalist, academic, or political adviser--in other words, a highly specialized professional--who has moved from a position of independence to an alliance with powerful corporate, institutional, or governmental organizations. He concludes that it is the exile-immigrant, the expatriate, and the amateur who must uphold the traditional role of the intellectual as the voice of integrity and courage, able to speak out against those in power.

Orientalism Aug 18 2021 More than three decades after its first publication, Edward Said's groundbreaking critique of the West's historical, cultural, and political perceptions of the East has become a modern classic. In this wide-ranging, intellectually vigorous study, Said traces the origins of "orientalism" to the centuries-long period during which Europe dominated the Middle and Near East and, from its position of power, defined "the orient" simply as "other than" the occident. This entrenched view continues to dominate western ideas and, because it does not allow the East to represent itself, prevents true understanding. Essential, and still eye-opening, Orientalism remains one of the most important books written about our divided world.

[The Coffin Trail](#) Apr 13 2021 "...a beautifully-evoked sense of the Lake District and an interesting and diverse group of characters. Martin Edwards got plenty of kudos for his Harry Devlin series, and he should get even more for this one. His DCI Hannah Scarlett is a fine creation." —Peter Robinson, New York Times bestselling author Oxford historian and TV personality Daniel Kind and his new lover, Miranda, both want to escape to a new life. On impulse they buy Tarn Cottage in Brackdale, an idyllic valley in the Lake District that Daniel knew as a boy, a place so remote that the dead had to be carried out over the peaks on pack animals along the ancient Coffin Trail. Tarn Cottage was once home to Barrie Gilpin, an autistic youth suspected of a savage murder. A young woman visitor to the valley had been found laid out on the Sacrifice Stone, an ancient pagan site up on the fell. Barrie fell to his death near the crime scene before he could be questioned. All these years later, Daniel retains his belief in Barrie's innocence and questions his own policeman father's handling of the case. When DCI Hannah Scarlett and her squad launch a cold case review, Brackdale's skeletons begin to rattle. The wild geography of the Lakes District plays against local literary references, all backdrop to the lives of villagers and outsiders drawn to this beautiful spot—but for what reasons? *The Coffin Trail* launches a new series by a master British hand.

Jonathan Edwards' Resolutions Aug 06 2020 "Being sensible that I am unable to do any thing without God's help, I do humbly entreat him, by his grace, to enable me to keep these Resolutions, so far as they are agreeable to his will, for Christ's sake. Remember to read over these Resolutions once a week. 1. Resolved, That I will do whatsoever I think to be most to the glory of God, and my own good, profit, and pleasure, in the whole of my duration; without any consideration of the time, whether now, or never so many myriads of ages hence. Resolved, to do whatever I think to be my duty, and most for the good and advantage of mankind in general. Resolved, so to do, whatever difficulties I meet with, how many soever, and how great soever. 2. Resolved, To be continually endeavouring to find out some new contrivance and invention to promote the forementioned things. 3. Resolved, If ever I shall fall and grow dull, so as to neglect to keep any part of these Resolutions, to repent of all I can remember, when I come to myself again. 4. Resolved, Never to do any manner of thing, whether in soul or body, less or more, but what tends to the glory of God, nor be, nor suffer it, if I can possibly avoid it. 5. Resolved, Never to lose one moment of time, but to improve it in the most profitable way I possibly can. 6. Resolved, To live with all my might, while I do live....

Midnight's Children Dec 10 2020 Winner of the Booker prize and twice winner of the Booker of Bookers, *Midnight's Children* is "one of the most important books to come out of the English-speaking world in this generation" (New York Review of Books). Reissued for the 40th anniversary of the original publication--with a new introduction from the author--Salman Rushdie's widely acclaimed novel is a masterpiece in literature. Saleem Sinai is born at the stroke of midnight on August 15, 1947, the very moment of India's independence. Greeted by fireworks displays, cheering crowds, and Prime Minister Nehru himself, Saleem grows up to learn the ominous consequences of this coincidence. His every act is mirrored and magnified in events that sway the course of national affairs; his health and well-being are inextricably bound to those of his nation; his life is inseparable, at times indistinguishable, from the history of his country. Perhaps most remarkable are the telepathic powers linking him with India's 1,000 other "midnight's children," all born in that initial hour and endowed with magical gifts. This novel is at once a fascinating family saga and an astonishing evocation of a vast land and its people--a brilliant incarnation of the universal human comedy. *Midnight's Children* stands apart as both an epochal work of fiction and a brilliant performance by one of the great literary voices of our time.

The David Story: A Translation with Commentary of 1 and 2 Samuel Dec 30 2019 "A masterpiece of contemporary Bible translation and commentary."—Los Angeles Times Book Review, Best Books of 1999 Acclaimed for its masterful new translation and insightful commentary, *The David Story* is a fresh, vivid rendition of one of the great works in Western literature. Robert Alter's brilliant translation gives us David, the beautiful, musical hero who slays Goliath and, through his struggles with Saul, advances to the kingship of Israel. But this David is also fully human: an ambitious, calculating man who navigates his life's course with a flawed moral vision. The consequences for him, his family, and his nation are tragic and bloody. Historical personage and full-blooded imagining, David is the creation of a literary artist comparable to the Shakespeare of the history plays.

Revival Preaching: With 12 Lessons from the Preaching of Jonathan Edwards During the First Great Awakening Nov 28 2019 "There was a time when revival preaching was very common. People were hungry for a fresh work of God and they actually anticipated God's supernatural transformation in their lives, churches and communities. I am grateful to Ernie Klassen and his work on Revival Preaching. Using the backdrop of Jonathan Edwards's powerful preaching ministry, we are invited into a rich theological journey flavored with real life experiences. (David Hearn, President of the Christian and Missionary Alliance in Canada). One of the great, though greatly overlooked, tools that Christian pastors have for bringing renewal and revival, is the past. One such figure in Christian tradition is Jonathan Edwards, the eighteenth-century North American theologian, preacher, revivalist, and missionary. Looking at the intersection of revival, preaching, and Edwards, Ernie Klassen provides "lessons" that religious leaders can take from Edwards' experiences and writings. (Dr. Kenneth P. Minkema, Jonathan Edwards Center, Yale University).

The Selfish Gene Jul 29 2022 An ethologist shows man to be a gene machine whose world is one of savage competition and deceit

American Pinocchio Mar 01 2020 It is commonly alleged that politicians misrepresent events for their own gain, but very few (if any) critics can produce facts to support their allegations. Have Democrats knowingly misrepresented George W. Bush's involvement in stealing an election, getting us into the Iraq War, and causing the 2008 financial crisis? An analyst separates fact from fiction. For example, the Financial Crisis Commission

Report, which purports to explain the cause of the 2008 financial crisis with detailed facts, fails to support its own conclusions. The author therefore challenges readers to carefully parse through the facts within to reach their own conclusions. To rely on any third party to interpret events is a surrender of political independence and intellectual freedoms. The author intends to donate 50 percent of the net profits from the sale of this book to the Wounded Warrior Project (www.WoundedWarriorProject.org).
