Lincoln's Sword Mar 25 2022 Widely considered in his own time as a genial but provincial lightweight who was out of place in the presidency, Abraham Lincoln astonished his allies and confounded his adversaries by producing a series of speeches and public letters so provocative that they helped revolutionize public opinion on such critical issues as civil liberties, the use of black soldiers, and the emancipation of slaves. This is a brilliant and unprecedented examination of how Lincoln used the power of words to not only build his political career but to keep the country united during the Civil War.

A Ruler's Consort in Early Modern Germany Apr 13 2021 The wives of rulers in early modern Europe did far more than provide heirs for their principalities and adornment for their courts. In this study, Judith Aikin examines the exceptionally well-documented actions of one such woman, Aemilia Juliana of Schwarzburg-Rudolstadt (1637-1706), in order to expand our understanding of the role of ruler's consort in the small principalities characteristic of Germany during this period. Aikin explores a wide range of writings by her subject, including informal letters to another woman, hundreds of devotional song texts, manuscript books both devotional and practical, and published pamphlets and books. Also important for this study are the plays, paintings, and musical works that adorned the court under Aemilia Juliana's patronage; the books, poems, and sermons published in her honor; and the massive memorial volume printed and distributed soon after her death. This material, when coupled with the more scanty record in official documents, reveals the nature and scope of Aemilia Juliana's role as full partner in the ruling couple. Among the most important findings based on this evidence are those related to Aemilia Juliana's advocacy for women of all social classes through her authorship and publications, her support for the education of girls, her efforts to ameliorate the fear and suffering of pregnant and birthing women, and her contributions to female support networks. In examining the career of a consort whose various activities are so well documented, this study helps to fill in the blanks in the documentary record of numerous consorts across early modern Europe, and serves as a model for future research on other consorts at other courts.

A Mandate of Sword and Railgun Jan 29 2020 Fringe Space... It is where mighty pirate clans, powerful cartels and viciously territorial empires have set up shop. Humanity's fledgling star state, the Terran Minarchy, colonized a number of "leftover" planets in this expanse. The Humans, their allies, and client races have ventured forth, braved deadly space anomalies and settled there. They terraformed barren wastelands, brought water to the deserts, and transformed even the dead asteroids into tiny copies of Earth. However, their boldness and hard work were rewarded with relentless, unprovoked attacks. Terran settlers were denied the peace and prosperity they sought, and were instead rewarded with slavery and death. Forced to replace their tractors for battle tanks, these farmers now aim to harvest another type of crop - the invaders themselves!

Jean Desmet's Dream Factory May 03 2020 The early twentieth-century film industry grew with the help of passionate entrepreneurs like Jean Desmet (1875-1956), who went from being a carnival showman to one of the Netherlands' leading cinema operators, and finally became the country's first professional film distributor. The first decades of film were its most adventurous years—a period of astonishing technological development, artistic ingenuity and creative entrepreneurship. With his cinema company, Desmet was part of the transformation of cinema from a novelty into a major popular entertainment industry. The Jean Desmet Collection, now housed at the EYE Film Institute, Amsterdam, consists of more than 900 films, mostly from France, America, Italy and England, including masterpieces that were considered lost for decades. In this publication the story of the early days of the medium is told through films in the Desmet Collection, along with related posters, correspondence, photographs and stills.

Academic Library Management Feb 21 2022 What does successful academic library management look like in the real world? A team of editors, all administrators at large research libraries, here

present a selection of case studies which dive deeply into the subject to answer that question. Featuring contributions from a range of practicing academic library managers, this book spotlights case studies equally useful for LIS students and current managers; touches upon such key issues as human resource planning, public relations, financial management, organizational culture, and ethics and confidentiality; examines how to use project management methodology to reorganize technical services, create a new liaison service model, advance a collaborative future, and set up on-the-spot mentoring; discusses digital planning for archives and special collections; rejects "one size fits all" solutions to common challenges in academic libraries in favor of creative problem solving; and provides guidance on how to use case studies as effective models for positive change at one's own institution. LIS instructors, students, and academic library practitioners will all find enrichment from this selection of case studies.

Slavery and Public History May 27 2022 "A fascinating collection of essays" by eminent historians exploring how we teach, remember, and confront the history and legacy of American slavery (Booklist Online). In recent years, the culture wars have called into question the way America's history of slavery is depicted in books, films, television programs, historical sites, and museums. In the first attempt to examine the historiography of slavery, this unique collection of essays looks at recent controversies that have played out in the public arena, with contributions by such noted historians as Ira Berlin, David W. Blight, and Gary B. Nash. From the cancellation of the Library of Congress's "Back of the Big House" slavery exhibit at the request of the institution's African American employees, who found the visual images of slavery too distressing, to the public reaction to DNA findings confirming Thomas Jefferson's relationship with his slave Sally Hemings, *Slavery and Public History* takes on contemporary reactions to the fundamental contradiction of American

history—the existence of slavery in a country dedicated to freedom—and offers a bracing analysis of how Americans choose to remember the past, and how those choices influence our politics and culture. “Americans seem perpetually surprised by slavery—its extent (North as well as South), its span (over half of our four centuries of Anglo settlement), and its continuing influence. The wide-ranging yet connected essays in [this book] will help us all to remember and understand.” —James W. Loewen, author of *Sundown Towns*

Kyle's Little Sister Dec 22 2021 My name is Grace, not "Kyle's little sister!" Having a good-looking, friendly, outgoing older brother sucks—especially when you're the total opposite, someone who likes staying home and playing video games. Your parents like him better (even if they deny it!), and everyone calls you "Kyle's little sister" while looking disappointed that you're not more like him. I was really hoping I'd get to go to a different middle school, but no such luck. At least I have my friends...until he finds a way to ruin that, too...! Argh! What do I have to do to get out of his shadow?!
