nikon d7000 ken rockwell Mar 18 2019 the  
 d7000 was nikon s most advanced camera at any  
 price in 2010 today the d610 is the same thing in  
 a bigger package with a larger sensor and the  
 d7100 is the same thing with a white finder lcd  
 instead of green if money matters this d7000 is  
 still your best buy in 2014 yes the d800 and d4s  
 are more expensive but also a lot more clumsy  
 the nikon d7000 handles better
